

## Grandma's Cable & Lace Socks

---

So my grandmother knit all her adult life. I still have afghans that she made and remember receiving sweaters at the holidays as a child. My main memory of her knitting is that she always had a pair of these socks on the go. She passed away in the late 90's and sadly we didn't save any of her knitting supplies. In fact, she'd been knitting these socks so long that I don't even think that she used a pattern anymore. I recently picked up knitting and wanted to be able to continue in the sock tradition. So I had the socks reverse engineered into a pattern.

**Size:** Adult Women's size 8-9

**Materials:** 2 50g balls of fingering weight yarn (approx. 200m/50g).

Note that the original socks were knit with 3ply, which is hard to find. A basic 4ply fingering can be used instead.

**Gauge:** 30 stitches = 10 cm (4") in SS

**Needles:** suggest using 2.5mm double pointed, or size needed to obtain gauge
